PROFILE

I am a dedicated and hardworking person with a strong commitment to excellence in everything I do. With a proven track record of meeting deadlines and exceeding expectations. I am a quick learner who adapts easily to new challenges and consistently seeks opportunities for growth. Passionate about delivering quality results, I approach each project with enthusiasm and determination.

WORK EXPERIENCE

MSUIT - Office of Sports Development (OJT)

2024

Web Developer and IT Support

- Developed a google site for the office of sports and development, highlighting the office's achievements, sports achievement in the institution and housing the different SO related with the office.
- Developed an ElogBook system by making a webapp to especially cater the staffs, faculty, students, and visitors who are wanting to use the facilities of the office with an invoice report for crediting.
- Helped in troubleshooting computer problems like loss of network, other windows problem, and printer problems within the office.

Data Entry and Encoder (JO)

2023 - 2024

Sideline

- Accurately entered and managed large volumes of data in various databases, ensuring data integrity and confidentiality.
- Improved typing speed and attention to detail through consistent practice, leading to faster turnaround times on projects.
- Encoded data for different formats needed in the company to be sent to different offices.

Customer Service

2024

Sideline

- Identified and reported recurring issues to management, contributing to product improvements and enhanced service delivery
- Enhanced communication and problem-solving skills through daily interactions with diverse customer needs and concerns.

Arduino Programming

2024 - Present

Freelance

- Programming Arduino to create a product that suits the clients needs. Integrating IOT into Arduino to monitor different devices connected and setting values for different components of the system.
